WHEREAS the Secretary of State for External Affairs reports that:

The Caribbean Development Bank is a regional financial institution established in 1970 to contribute to the harmonious growth and development of member countries in the Caribbean and to promote economic cooperation and integration with special and urgent attention being paid to the needs of the less developed members of the region;

The Caribbean Development Bank's financial resources are derived from the ordinary capital stock of the Bank subscribed to by the members of the Bank and the Special Development Fund which receives either contributions or loans from member and/or non-member countries;

The Special Development Fund is used to make or guarantee long term low interest loans of high development priority in the less developed member countries of the region;

Canada undertook in 1971 to contribute to the Bank's Special Development Fund. This contribution has now been fully committed by the Bank and for this reason Canada has been formally approached to consider a second contribution to this Fund;

.../2

A second Canadian contribution is of major importance to the Bank and would permit it to continue studying proposals and make new loan approvals. It would reflect Canada's continuing support for the Caribbean Development Bank and would emphasize our particular interest in the less developed countries of the regions; and

The Special Account authorized by Vote 33(d) of Appropriations Act 2, 1965, as amended, provides authority to make payments subject to terms and conditions approved by the Governor in Council, to recognized international development institutions for the purpose of extending economic, educational, technical and social assistance to developing countries.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to Vote 33(d) of Appropriations Act No. 2, 1965, as amended, is pleased hereby to authorize a contribution of Canadian $5 million to the Caribbean Development Bank, payable in equal cash instalments in each of the three fiscal years commencing in 1973, on the condition that the Bank make these funds available to the Special Development Fund to assist in the economic and social development of its member countries and that it enter into an arrangement with Canada towards this end.

and whose non-salary compensation, other than superannuation, is not prescribed by statute or regulation made pursuant to the statute or by by-law of the agency in which they are employed; such guidelines representing an extension of the non-salary compensation which generally applies to persons appointed by the Public Service Commission to the Senior Executive Group of the Executive Category.

GUIDELINES ON THE ADMINISTRATION OF NON-SALARY COMPENSATION FOR CERTAIN GOVERNOR IN COUNCIL APPOINTEES

INTRODUCTION AND APPLICATION

In its second report to the Government, the Advisory Group on Executive Compensation recommended that steps be taken to improve the non-salary compensation for all executive personnel in the public service. In accordance with this recommendation, the non-salary compensation described in these guidelines has already been authorized for persons appointed by the Public Service Commission to the Senior Executive Group of the Executive Category. These guidelines therefore generally extend the SX non-salary compensation to Deputy Ministers and other persons appointed by the Governor in Council

(a) whose positions are slotted into the SX-DM structure and whose salaries are fixed or approved by the Governor in Council at rates within the SX-DM salary ranges on the basis of an annual performance review and following consideration by the special Cabinet Committee on the Public Service and the Cabinet; or

(b) whose salaries are fixed in the statute under which they are appointed (excluding federally-appointed judges)

and whose non-salary compensation, other than superannuation, is not prescribed by statute or by regulation made pursuant to the statute or by by-law of the agency in which they are employed.

For purposes of these guidelines

"Public Service" has the meaning given that expression in the Public Service Superannuation Act and includes the positions of persons to whom these guidelines apply; and

"continuous employment" means any period of employment in the Public Service which was not broken by a period in excess of three consecutive months.

NON-SALARY COMPENSATION

1. Vacation Leave

A person is entitled to four weeks of annual vacation leave with pay irrespective of the length of his continuous employment. A person shall retain any unused vacation leave credit he may have accumulated prior to becoming a person to whom these guidelines apply provided his former employment in the Public Service and his present employment are continuous.

2. Compensation in Lieu of Unused Vacation Leave

On termination of employment, compensation in lieu of the unused portion of accumulated vacation leave shall be provided. The cash payment for unused vacation leave is determined by multiplying the number of days of accumulated vacation leave by the daily rate of pay at the time of termination of employment.

3. Sick Leave

Sick leave shall be earned at the rate of one and one-quarter days for each calendar month of employment. A person shall retain any unused sick leave credit he may have accumulated prior to becoming a person to whom these guidelines apply, provided his former employment in the Public Service and his present employment are continuous.

In the case of illness prior to the accumulation of sufficient sick leave credits or following the exhaustion of earned sick leave credits, up to 130 working days (approximately six months' sick leave) with pay may be granted, as follows:

(a) at the discretion of the appropriate Minister, to the deputy head of a department or the Chief Executive Officer of an agency, and

(b) at the discretion of the Chief Executive Officer of an agency, to a person other than a person described in (a) above.

Sick leave granted in the circumstances described in the preceding paragraph shall not be recovered from future sick leave credits.

A medical certificate shall not be required unless it is specifically requested by the Minister or the Chief Executive Officer, as the case may be.

4. Public Service Management Insurance Plan

Effective July 1, 1971, employer contributions to the premiums payable by a person, whether or not he is a member of the Public Service Management Insurance Plan, have been provided on the following basis:

(a) the full premium for the basic life insurance coverage; and

(b) the full premium for accidental death and dismemberment insurance coverage of $50,000.

The full premium for any additional optional coverage under the Public Service Management Insurance Plan in respect of either (a) or (b) shall be payable by the insured person.

5. Severance Pay

A person shall be granted severance pay in the following circumstances at the rate of one week's pay for each completed year of continuous employment in the Public Service, to a maximum of twenty-eight years:

(a) on retirement with an immediate annuity; or

(b) on retirement with an actuarially reduced annual allowance; or

(c) on death (payment to be made to the estate).

A person shall be granted severance pay on resignation at the rate of one-half week's pay for each completed year of continuous employment in the Public Service, to a maximum of thirteen years, provided he has ten or more years of continuous employment in the Public Service.

Any period in respect of which severance pay was previously granted under the provisions of any statute, regulation, by-law or administrative arrangement shall be deducted from the period in respect of which severance pay is calculated under this section.

WHEREAS the Secretary of State for External Affairs reports as follows:

That the Sahelian Zone of West Africa after several years of very limited rainfall is experiencing the wrost drought in sixty years. In March of this year the six Francophone countries concerned - Mauritania, Senegal, Mali, Niger, Upper Volta and Chad - representing a total population of about 23 million - declared the Sahelian Zone a disaster area;

That the drought has already caused large scale destruction among the countries' livestock herds and that famine is threatening the lives of several hundreds of thousand of the human population;

That the international community, through bilateral and multilateral channels, is providing foodstuffs and transport facilities. Canada will be supplying the six drought-stricken countries with food aid worth $6.8 million of which $2.7 million is supplementary to regular country allocations. In addition three Hercules freighter aircraft will be transporting foodstuffs from the African ports to inland centers for a period of approximately three weeks;

.../2

That the Food and Agricultural Organization (FAO), which has been appointed the coordinating agency for the Sahelian Zone, has identified a number of urgent needs which are still not covered by existing emergency aid allocations e.g. (a) animal feed and vaccines to save the largest possible nucleus of breeding stock; (b) seed, for the next harvest; (c) equipment for deepening village wells to enable villagers to return to their homes and for the preparation of the new harvest.

That in response to these urgent needs the Director-General of FAO has established the FAO Sahelian Zone Trust Fund with a target of $15 million. Resources of the Fund will finance the above outlined requirements and activities. The Director-General personally appealed for a Canadian contribution to the Fund;

That a Canadian contribution to the Fund will greatly assist in maximizing FAO's reconstruction activities in the Sahelian Zone; and

That the Special Account authorized by Vote 33(d) of Appropriations Act No. 2, 1965, as amended, provides authority to make payments subject to terms and conditions approved by the Governor General in Council, to recognized international development institutions for the purpose of extending economic, educational, technical and social assistance to developing countries.

.../3

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to the Special Account authorized by Vote 33(d) of Appropriations Act No. 2, 1965, as amended, is pleased hereby to authorize a contribution of Cdn $300,000 for the current fiscal year 1973/74 to the FAO Sahelian Zone Trust Fund on the condition that the contribution be used by the FAO to facilitate relief and reconstruction activities in the six drought-stricken Sahelian Zone countries.

WHEREAS the Secretary of State for External Affairs reports as follows:

That in recent years the Inter-American Development Bank has recognized the increasing need for Technical Co-operation directed towards the identification of bankable projects through pre-investment studies. This policy is reflected in the Bank's 1973 Technical Co-operation Programme which is funded from the Bank's Fund for Special Operations(FSO), the Social Progress Trust Fund (SPTF) and the Special Programme for Project Preparation (SPPP):

That because funds from the SPTF and the SPPP which will finance approximately 80% of the Technical Co-operation Programme are tied to procurement in the USA, Canadian participation is severely restricted;

That the procedure for the untying of U.S. funds is lengthy and as such, it is unlikely that Canada will be able to have access to these funds;

.../2

That it is desirable for Canada to be able to participate fully in a programme which will identify development projects in fields of great interest to Canadian firms such as mining, pulp and paper, telecommunications, and fishing;

That a separate Canadian Fund tied to Canadian and Latin American procurement will allow full participation in the programme until an agreement can be reached with the U.S. to pool all resources; and

That the Special Account authorized by Vote 33(d) of Appropriations Act No. 2, 1965, as amended, provides authority to make payments subject to terms and conditions approved by the Governor General in Council to recognized development institutions for the purpose of extending economic, educational, technical and social assistance to developing countries.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to Vote 33(d) of Appropriations Act No. 2, 1965, as amended, is pleased hereby to authorize a payment of $1.5 million which would be made available to the Inter-American Development Bank subject to the conditions that the Bank devote these funds to its Technical Co-operation Programme and that it enter into an arrangement with Canada towards this end.

external resources to carry out the projects under promotion and study. A technical assistance fund could also be financed through the use of counterpart funds generated by the difference in terms of Canada's loan to the Corporation and the less concessionary on-lending terms of the Corporation and through the use of the interest earned as a result of placing the loan in an account in a commercial bank in Canada;

That a Canadian loan to the Andean Development Corporation would support the Andean Group countries in their pursuit of economic integration as a means of accelerating their economic development;

That as a contributor to the Corporation, Canada will reinforce its political and commercial ties with the member countries;

That the proposed contribution would not impose any additional financial burden on the Government as it can be accommodated within the level of aid approved by Parliament; and

That the Special Loan Assistance Vote (External Affairs Vote L30), provides authority to make loans subject to terms and conditions approved by the Governor General in Council, to recognized international development institutions for the purpose of undertaking economic, educational, technical and social assistance to developing countries.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to Special Loan Assistance Vote (External Affairs Vote L30 1973-74), is pleased hereby to authorize a loan of Canadian $5 million to the Andean Development Corporation in the fiscal year 1973-74 to assist the Corporation in carrying out its lending programme subject to the following terms and conditions:

(i) the repayment period will be 50 years with ten years of grace at 0 percent interest;

(ii) the loan is to be drawn down as required by the Corporation to enable it to meet disbursements in an orderly manner;

(iii) the loan is to be open to the procurement of goods and services in all Latin American countries and in Canada;

(iv) such other conditions as may be contained in an agreement between the Canadian International Development Agency, acting on behalf of Canada, and the Corporation.
